

UNITED STATES INTELLIGENCE BOARD
SECURITY COMMITTEE

SECOM-D-51
24 March 1975

MEMORANDUM FOR: Security Committee Members

SUBJECT : Results of Classification Review of Security
Committee Publication, "A Study of
Harassments and Provocations," 4 December
1974

1. The classification of the Harassment Study has been reviewed by original contributors. They have reclassified, downgraded or declassified their contributions. As a result of this action, the study retains the overall classification of SECRET but each paragraph or example has been classified on its own merit. This may permit more appropriate use of some portions.

2. The CIA member repeated certain observations originally made at the time of publication. These are considered noteworthy and are presented herewith:

"I would like to re-emphasize my position that the study should only be used as a background paper from which an experienced briefer might draw examples to use in conjunction with other materials while conducting defensive briefings. This document will not stand alone and, in my opinion, should not be given wide distribution or act as a substitute for a good oral briefing."

3. You are asked to make your holders of the study aware of the classification action and the comments of the CIA member.

Executive Secretary
